Mr. Ray Kennedy,
Ruppert Stadium,
Wilson Ave.,
Newark, N. J.

Dear Mr. Kennedy:

I am writing to enclose you our new schedule of games to be played at Ruppert Stadium for the first half of the season.

I am very sorry to have found it necessary to make these changes, and do hope that I have not caused the Park any inconvenience or loss by postponing the Opening a week. Although this move has caused a lot of inconvenience to all concerned, I sincerely believe the Baseball League has been greatly strengthened because of it.

We have sold the Pittsburgh Crawford's franchise to Toledo, the Team there will play in the Mud Hens Park and will be owned by the same People who own the Associated Baseball in Lima. This, of course, gives us some experience people, that should help a lot. We also re-admitted Pompey Cuban Team to the League, this gives us seven teams, an uneven number but we do not expect perfection for sometime yet.

If there has been any expense or inconvenience incurred by this postponement of our Opening from May 7th to May 14th, kindly inform me of the same.

Yours very truly,

EM:CCJ
